UNIBLEND

The softest sit of our cushion options, with an enveloping, cushioned feel.

Features

DPT / ACC DOWN JACKET	1
50% POLY / 50% 5/95 FEATHERS	2
HR FOAM Q21 OVERLAY	3
1.25 OZ. FRONT FIBER BAND	4

Benefits

1	2	3	4	5
Feather-blend softness	Resilient foam definition	A softened front profile	Layered cushion construction	A tailored jacket finish

Information

As Universal Furniture's standard cushion core, Uniblend offers a welcoming balance of support and softness for everyday living. High-resiliency foam gives the seat a defined foundation, while the down-blend jacket brings the relaxed loft of feathers to the sit. A subtle fiber band across the front softens the silhouette and completes a clean, tailored profile. Familiar in feel and thoughtful in its layers, Uniblend makes comfort an easy choice.

ULTRAPLUSH

A medium-soft sit, balancing a welcoming feel with supportive definition.

Features

- ACCORD JACKET + BOXING 1
- 1.25 OZ. FIBER COVERAGE 2
- 1 IN. HR FOAM Q21 3

Benefits

1. Resilient foam layer
2. Soft upper surface
3. Fiber at top + bottom
4. Fiber-finished front
5. Accord jacket + boxing

Information

As our hypoallergenic cushion core option, Ultra Plush offers a soft, enveloping sit with a thoughtfully structured feel. A high-resiliency foam foundation gives the seat its shape, while fiber across the top, bottom and front adds an even layer of cushioning. Finished in an Accord jacket with matching boxing, it pairs plush comfort with a clean, tailored silhouette—an inviting place to settle in and stay awhile.

SPRING DOWN

Our most supportive sit,
with a buoyant, spring-led feel.

Features

DPT / ACC DOWN JACKET + FEATHER FILL	1
1.5 IN. HR FOAM Q31	2
3 X 3, 14 GAUGE SPRING	3
2 X 3 FOAM BASE	4
3/4 OZ. FRONT FIBER BAND	5

Benefits

1	2	3	4	5
Spring-led support	Layered foam cushioning	Feather-blend softness	Fiber-finished front	Tailored down jacket

Information

Spring Down pairs the buoyant feel of a spring-supported seat with the relaxed softness of a feather blend. A 3 x 3 arrangement of 14-gauge springs sits within a shaped foam construction, with high-resiliency foam above and below for a cushioned, responsive sit. Around it, the down-blend jacket and a subtle fiber band across the front lend a soft, tailored finish. The result feels lively beneath you and inviting at rest.
